Experience Highlights

(Every case is different and depends on its own unique facts. Results may vary.)

Obtained summary judgment for a surgeon from testimony elicited at plaintiff's deposition based on the discovery rule and the expiration of the statute of limitations.

Mounted a strong summary judgment application in a breast cancer case, resulting in a reduction in the plaintiff's demand from \$1,000,000 to less than \$50,000.

Guided delivering obstetrics providers through deposition and obtained discontinuances on their behalf despite evidence of a shoulder dystocia in the infant plaintiff (New York).

Obtained discontinuances on behalf of a radiologist, a hospitalist, and an emergency medicine physician after submitting expert review in support of a summary judgment motion establishing no departures in the standard of care or causal links between the health care providers' care and the plaintiff's injuries (New York).
